Premier's Reading Challenge Awards  
Assembly - 12:15pm  
Governing Council - 5:30pm  
Wednesday 26th - Friday 28th  
October  
Year 9 Bushwalk

## Principal News

I hope everyone enjoyed the school holidays with their children. Hopefully you were able to spend some extra time together doing some different things. Sounds like lots of us went on road trips and got to see lots of different places around Australia.

As I mentioned in the last newsletter, we have been advised that the External School Review (ESR), which was postponed from earlier in the year, will now be held on Tuesday 15th and Wednesday 16th November (Week 5, Term 4). This will provide us with the opportunity to see how far we have travelled implementing the suggested changes from back in 2019, and the growth we have made. It will also provide us with clarity for our future directions, to help continue our improvement journey.

Phone: 8628 2104  
Fax: 8628 2511

Community Notices deadline  
11am Tuesday to  
[Jody.bray267@schools.sa.edu.au](mailto:Jody.bray267@schools.sa.edu.au)  
BSB: 633-000 ACC: 176748457

Whilst our Year 12 students begin the final countdown to their schooling over the next few weeks, finishing their last assignments, studying for and sitting their exams (we wish them all the best, but know that all their hard work and commitment will see them through), we have the kindy students beginning their transition to school next Wednesday (26th October). We look forward to having these students and their families (begin in many cases) their schooling journey with us.

The first Primary assembly for this term is being held on Friday 21st October at 10:30am in the Gym. Miss Roach and the Year 4/5's are hosting and I am sure they will do a great job!

On Monday 24th October the Premier's Reading Challenge Awards assembly is being held at 12:15pm. This will be tied in to Chris Blowes being at the school for the day. He will present at the assembly and will also be talking to some of our secondary students. In the evening he will be presenting to the wider community about the book 'Caught Inside' which is about him, and how the events on a rainy Anzac Day changed the lives of so many people. More details about the community event can be found on Dojo or Facebook.

A reminder that the next Governing Council meeting is on Monday 24th October at 5:30pm. Remember that the Governing Council representatives are the parent's voice for the school community. If you have anything which you would like discussed or brought to the schools attention, please feel free to contact Emma Nield (Chairperson), Mignon Dunn (Secretary) or any other member of the Governing Council.

Internationally World Teachers Day is celebrated on 5th October each year. However, as this is usually during Australian school holidays, Australia celebrates the day on the last Friday in October of each year (which this year is the 28th Oct, Week 2). I thank all our teachers for the work they undertake for our students learning and wellbeing. Teaching is a profession where you aren't really sure just how taxing (but rewarding) the career is unless you know someone who is a teacher. I would love to see a study on teacher's brains and find out the exact amount of time which it stays switched on for thinking about students and their learning.

As we continue to plan for 2023, please let us know if your child is not returning to Cleve next year. The final enrolment numbers affect our staffing planning. Also, if you know of anyone intending on enrolling, get them to contact us so we can help make this transition for them smooth. We are hoping to make some staffing announcements in the next newsletter.

If you have any queries throughout the year please Dojo, email or phone your class teacher, Jordan Hooper or myself. We would prefer to know about something which is concerning you rather than not. This way we can do something about it and make the situation better for all involved.

Catch up soon,  
Trev

## SACE News

### Panel Beating Apprenticeships

MTA are offering an information session for students who are interested in pursuing panel beating as a trade, as there is a high demand for apprentices in this field.

This is occurring at their Adelaide headquarters at:

MTA Training and Employment Centre

3 Frederick Road

Royal Park

Date: Tuesday 8th November 6-7:30pm.

## Exam Timetable

Exams are coming up for our Year 12 students in early to mid-November. Please ensure that your child is aware of the date and time of their exams. The exam timetable is:

Mathematical Methods	7th November	9-11:10am
General Mathematics	7th November	1:30-3:40pm
Essential Mathematics	8th November	1:30-3:40pm
Physics	10th November	9:00-11:10am
Biology	11th November	9:00-11:10am
Chemistry	14th November	9:00-11:10am
Nutrition	16th November	1:30-3:40pm

Examination rules have been given to each student. Please encourage them to read over the rules before coming to the exams. Students need to plan out their examination revision and ensure that adequate time is allowed to prepare for exams. Healthy lifestyle (diet, sleep and exercise) choices are also encouraged in the coming weeks.

## SATAC Applications

The deadline for applicants to pay their application fee and still be guaranteed equal consideration for their courses is Wednesday 30th November, 2022.

Year 12 Ag Systems travelled around the local district with Sims Farm agronomists, Giles Kearsley and Ryan Siebert.

**Jump Rope for Heart kicks off in the primary school this term!**

Jump Rope for Heart is a fantastic physical activity and fundraising program that has been run by the Heart Foundation for 40 years. It's a great way for your child to keep fit and learn new skills, but it also helps raise funds for vital heart research and education programs.

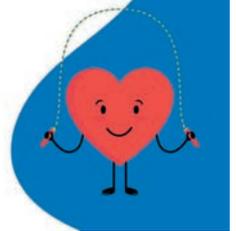

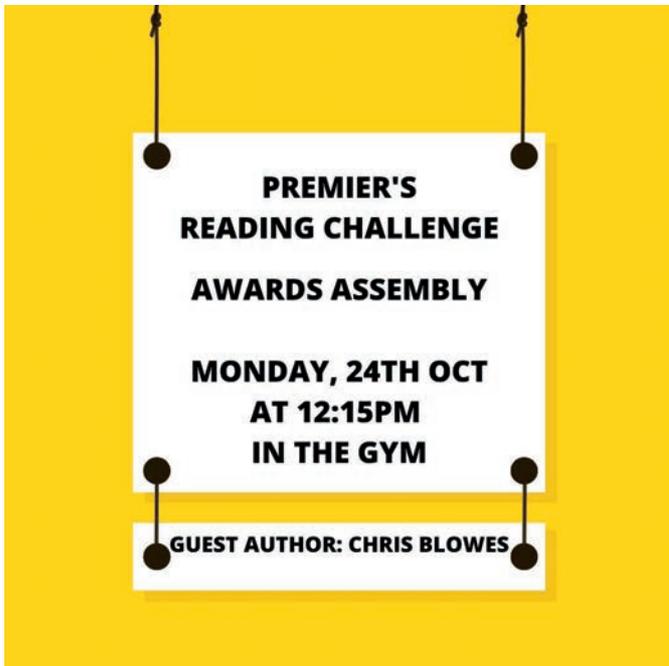

Since Jump Rope for Heart started in 1983, schools like ours have raised more than \$104 million for the Heart Foundation's lifesaving work. At Cleve, we've conducted the program bi-annually in our primary school for over 30 years, with the community raising in the vicinity of \$60 000.

R-6 students will receive a 'Parents and Guardians Guide' to take home and provide further information about the program. It's important you [register your child online](#), so they can receive the full benefits of the program and participate in online fundraising. To register, simply scan the QR code on the student gift JRFH key ring, or follow the following link to get started. [www.jump rope.org.au/parents](http://www.jump rope.org.au/parents) However, students are still able to fundraise the traditional way by collecting cash and recording on a sponsorship form.

Students will be skipping in PE lessons, class fitness and at recess and lunch over the next few weeks. During this time you can share their online fundraising page with family and friends to help raise money for this great cause. We will hold our school Jump Off Day on Tuesday 15 November, this will mark the end of the program and is a chance for everyone to come together to skip and show off their newly learned skills.

Thank you for supporting the Jump Rope for Heart program!

## YR 9 WORK STUDIES

This week the Year 9 Work Studies class is focussed on jobs in the Allied Health Industry. We were lucky enough to hear directly from Dr Amanda Rogers (Mental Health), Ms Beth Jacobs (Nursing & Aged Care) and Ms Lisa Herbert (Pharmacy). All offered fascinating insights into their daily working lives, the health industry's future as an employer and their personal career journeys. Warm thanks to them for their time and insights.

# General use adrenaline autoinjectors (EpiPen®)

## Information for parents and legal guardians

All Department for Education preschools and schools must have a general use adrenaline autoinjector so they can provide emergency medication to treat anaphylaxis. The department specifies that preschools will keep an EpiPen® Jr (0.15mg adrenaline) and schools will keep an EpiPen® (0.3mg adrenaline).

The 'general use' adrenaline autoinjector is not a substitute for children and young people who are at high risk of anaphylaxis, and who have been prescribed an adrenaline autoinjector. In these cases, you need to notify the preschool or school that your child is at risk of anaphylaxis and provide an Australasian Society of Clinical Immunology and Allergy (ASCI) action plan.

## General use EpiPens®

Adrenaline autoinjectors for *general use* are most likely to be used when:

- an individual who is known to be at risk of anaphylaxis does not have their own device immediately accessible or the device is out of date
- a second dose of adrenaline is required before an ambulance has arrived
- an individual's device has misfired or accidentally been discharged
- a previously diagnosed individual with mild allergy who was not prescribed an adrenaline autoinjector has their first episode of anaphylaxis
- less commonly, an undiagnosed individual has a first episode of anaphylaxis and was not previously known to be at risk (eg a child having their first reaction at school).

## Keeping your child safe

Our preschools and schools must have sufficient staff on site with:

- current first aid training (that includes cardiopulmonary resuscitation (CPR) and how to administer emergency asthma and anaphylaxis medication)
- training through the ASCIA anaphylaxis e-training course for schools and childcare
- practical training in how to use an EpiPen®

In an emergency, if there is no other person nearby who has had basic training in the use of an adrenaline autoinjector, it is reasonable that someone without specific training will administer adrenaline by following instructions on the device. Where there are reasonable grounds for believing an individual is having an acute allergic reaction, adrenaline will be administered.

## Taking precautions

An ambulance will be called in all cases where adrenaline is administered and care for the person will be transferred to the ambulance officer. The patient will be taken to hospital to remain under observation until symptoms have resolved. No serious or permanent harm is likely to occur from mistakenly administering adrenaline to an individual who is not experiencing anaphylaxis. Temporary side effects of adrenaline may include increased heart rate, trembling and paleness.

## Further information

Contact your preschool or school for further information.

Apprenticeships are now available in the crash repair industry!

The MTA is hosting an interactive Paint and Panel Open Night at our Royal Park Training and Employment Centre.

- Have you considered a career in the crash repair industry?
- Do you enjoy art and metal work?
- Do you enjoy practical work and working with your hands?
- Do you want to turn your hobby and passion into a career?

If so, we can show you a range of exciting career opportunities that are available now in the Crash Repair industry.

All participants will have the exclusive opportunity to:

- Explore automotive trades
- Watch live demonstrations conducted by our trainers
- Participate in interactive activities
- Meet our exceptional trainers and recruitment team
- Meet employers and representatives from the industry
- Find out about current job opportunities in the industry

Know anyone who may be interested in attending this event? Let us know or, feel free to forward this onto them.
