

CLEVE AREA SCHOOL

Newsletter

PRINCIPAL NEWS

As this is the last newsletter for the term, I would like to thank everyone for their efforts in the past term. With the shortest day of the year just gone and it being so dark in the mornings, it will be nice not having to worry about the morning routine of getting kids up and out the door.

A reminder that school will finish an hour earlier on Friday 7th, July, being the last day of the term. So please expect your child home a bit earlier than usual. This term, we have had Emily Woolford, Alex Mason, and Tyler Masters (nearly typed Wilkson!) attend some Professional Development in teaching numeracy. At the primary staff meeting this week, they shared many strategies and challenged us to solve some of the problems. I am challenging you as well!

Rules: You can use any mathematical operation to make a number sentence equal to 24. You can only use each number listed once, but you need to use each number.

An example: Use the numbers: 4, 8, 5, and 4.

$5 \times 4 + 8 - 4 = 24$ ($5 \times 4 = 20$, $20 + 8 = 28$, $28 - 4 = 24$)

Your turn; the first set of numbers are 2, 6, 8, and 2. How did you go?

Try this next set of numbers: 5, 3, 2, and 2 (a bit more challenging!).

Term 3

The number of students who follow our CREW values daily is very impressive, and I am proud of how they care for our school and show great pride in their learning. Unfortunately, this week, I needed to speak with the Year 6-12 students about a range of issues (which I need to clarify by saying that a small percentage of our student cohort is undertaking). I thought it was important for all to hear the same message, though and that we all have a responsibility and a right as bystanders to 'call out' any behaviours which aren't appropriate. If we don't, then the people displaying the undesirable behaviours are given permission to continue with them. The small cohort of students in this instance is negatively impacting many students' learning time, and we have now been told, as a collective, that we don't want their distractive behaviours to continue. There is a saying, 'The behaviour we walk past is the behaviour we accept'. Hopefully, we all feel more empowered to let people know when they affect our learning or well-being.

Another issue I addressed was wearing caps and beanies during the school day (again, a small cohort of students). We are a Sun Smart school, and the policy states that all students and staff must wear a broad-brimmed hat all year round when outside. Beanies and caps are not part of the school uniform policy either. The students can go to the library or computer rooms on set days of the week. In inclement weather, the classrooms are opened at recess and lunchtime and supervised by staff.

As always, if you have any queries throughout the year, please Dojo, email or phone your class teacher, Callum or myself. We would prefer to know about something concerning you rather than not—this way, we can do something about it and improve the situation for all involved.

Catch up soon,
Trev

DEPUTY PRINCIPAL NEWS

We hope you're enjoying the winter season and feeling upbeat as we enter the second half of the school year. The new semester will bring with it a few changes to our staffing:

Erin Gale has done an exceptional job filling in for Fiona Millard this term in Year 2, ensuring a seamless learning experience for our students. Fiona will return from Long Service Leave to continue working with Kirsty in the Year 2s next Term.

We are immensely grateful to Tim Collins for his efforts in the Ag program this year. While he will be taking time for family next Semester, we look forward to his continued involvement in the school in the future. We are currently in the recruitment phase for a new Ag Teacher and look forward to sharing more news with you next term.

Sheri Fischer has consistently gone above and beyond to create a nurturing environment for our students. Thank you for your exceptional work Sheri and we wish you the best in your new (old?) role.

Sarah Agnew, our Primary and Student Wellbeing Coordinator, will be on Maternity leave for the rest of the year. She has been doing such a good job that we need two people to replace her! We now welcome Emma Jordan as Wellbeing Coordinator and Elle Burton as Primary Coordinator, who we know will continue the exceptional support for our students.

In other news, the SRC Volleyball competition is reaching its climax. After dominating the regular season, our staff team were upset by the formidable VolleYGals in a thrilling Semi-Final. Not quite the redemption tour we were promised! Next week, the VolleYGals will face 'Jim Collins,' the talented Year 11 boys, in the final. We eagerly await the outcome and wish all the participants the best of luck!

Callum

WELL DONE TO OUR YEAR 5 AND 6
STUDENTS WHO REPRESENTED CENTRAL
EYRE PENINSULA IN THE SAPSASA
NETBALL CHAMPIONSHIPS IN ADELAIDE.
GREAT JOB, GIRLS!

SACE and Student Pathways Report

Year 10 and 11 Work Experience occurs during Term 2, Week 1. Those students going on the Snow Trip must organise work experience for the July or October school holidays. Forms were sent home earlier in the term, but please get in touch with Julie Wetherall in the front office if you need another copy. Semester 1 is nearing the end, and our Year 11 students have been working particularly hard to complete work in time for SACE deadlines well done to our Year 11 teachers and students for working so hard to complete their work to the high standards set by SACE.

For Year 10 students who would like to begin a school-based apprenticeship next term, they need to ensure that they complete some work experience in their field of work before they start a training. Our Year 12 students will have breakfast with staff cooked by Deb Taheny next Thursday to celebrate the halfway point of their Year 12 studies. We wish them luck for the remaining half of the year.

Our Year 10-12 students are going on their Snow Trip during week 1 of term 3. Thanks to Miss Deer, Miss Jordan, and Aseri for taking them on the camp. Students from Streaky Bay and Wudinna will also be in attendance. Best wishes for a fun time for all!

Joanne Turner

Student Pathways Coordinator
Cleve Area School

Congratulations to Luke Ramsey, who came first in the Multiclass 2km SAPSASA Cross Country run at Oakbank. Luke has been selected for the state athletics team to compete in Canberra in August. Best wishes to Luke as he prepares for the Nationals!

Ag News

The Year 9 Ag class had a great afternoon on Monday of Week 8, combining some learning around garden construction with community service for our excellent Crestview Hostel at the Cleve Hospital. The students worked well together and did a fantastic job preparing pots and garden beds for planting. They are due back in Week 9 to finish the job! Thanks to Beth Jacobs for her support in helping make this happen.

Shearing/Grinding workshop at Sims Farm TTC

Twelve shearers from across the Eyre Peninsula recently attended a two-day workshop at Sims Farm Trade Training Centre (TTC) to learn from experts about improving grinding techniques and managing comb/cutter selection.

Participants came from Arno Bay, Ungarra, Tumby Bay, Haslam, Warrambo, and Kimba.

The workshop was run by trainers Paul Oster from Naracoorte (SE), Shannon Warnest from Willooka (SE), and Klynt Correll from Ardrossan (YP). These trainers are employed by "Shearer-Woolhandler Training Inc." (SWTI), a registered training provider under the "Shearing Contractors of Australia Association" (SCAA) and funded through the "Australian Wool Industry" (AWI).

SWTI also provides trainers for the Sims Farm learner shearing school, conducted yearly at the Sims Farm TTC for Year 11 Ag Students.

The attendees then did a day's shearing at a shed near Waddikee to learn more about improving shearing techniques.

SWTI is impressed with our Sims Farm facility and hopes to use it more often for other advanced shearer training workshops.

The Pedal Prix Team competed in their first event of the year on the 18th of June, the 6-hour race at Victoria Park in Adelaide.

The Senior Team had an excellent result, finishing 14th out of 143 entrants despite only having four riders for the 6 hours. The Junior Team improved throughout, moving from around 125th to 103rd by the end of the day. This put them at 50th out of 64 Middle School Entries. I look forward to seeing what they can do as they gain experience.

A big thank you to all the parents & family members who came along. The help with timing, marshalling, and dealing with any mechanical issues was wonderful & we had pit-stop times that we only dreamt of last year!

If you are interested in being involved or sponsoring the team, please contact me at the school.

Re: Nationally Consistent Collection of Data on School Students with Disability (NCCD)

Every year, all schools in Australia participate in the Nationally Consistent Collection of Data on School Students with Disability (NCCD). The NCCD process requires schools to identify information already available in the school about supports provided to students with disability. These relate to legislative requirements under the *Disability Discrimination Act 1992* and the Disability Standards for Education 2005, in line with the *NCCD guidelines* (2019).

Information provided about students to the Australian Government for the NCCD includes:

- year of schooling
- category of disability: physical, cognitive, sensory or social/emotional
- level of adjustment provided: support provided within quality differentiated teaching practice, supplementary, substantial or extensive.

This information assists schools to:

- formally recognise the supports and adjustments provided to students with disability in schools
- consider how they can strengthen the support of students with disability in schools
- develop shared practices so that they can review their learning programs in order to improve educational outcomes for students with disability.

The NCCD provides state and federal governments with the information they need to plan more broadly for the support of students with disability.

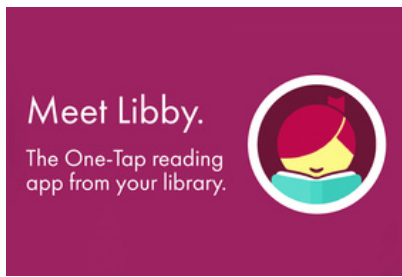

The NCCD will have no direct impact on your child and your child will not be involved in any testing process. The school will provide data to the Australian Government in such a way that no individual student will be able to be identified – the privacy and confidentiality of all students is ensured. All information is protected by privacy laws that regulate the collection, storage and disclosure of personal information. To find out more about these matters, please refer to the [Australian Government's Privacy Policy](https://www.education.gov.au/privacy-policy) (<https://www.education.gov.au/privacy-policy>).

Further information about the NCCD can be found on the [NCCD Portal](https://www.nccd.edu.au) (<https://www.nccd.edu.au>).

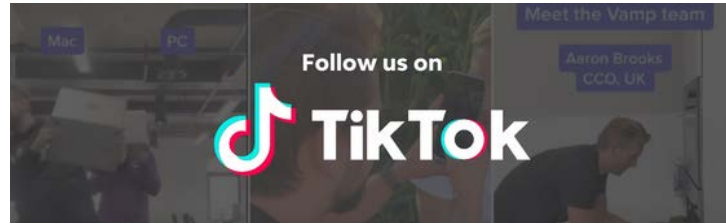

If you have any questions about the NCCD, please contact the school.

Kind regards

Principal

Australian of the Year Awards
Reflect. Respect. Celebrate.

Who inspires you?
NOMINATE NOW
australianoftheyear.org.au

We're all part of the story

Nominations for the 2024 Australian of the Year Awards are open, and now is the time to show our appreciation by nominating those we believe to be deserving of the title of:

Australian of the Year

Senior Australian of the Year (65 years and over)

Young Australian of the Year (aged 16 to 30)

Australia's Local Hero

Nomination is simple - visit australianoftheyear.org.au/nominate by 31 July 2023.
